PLEASE READ CAREFULLY BEFORE CONTINUING.

ESPA or European Student Placement Agency is a recruitment agency whose goal is to find high quality internships for European students in the UK. We work closely with our host companies to ensure the positions provide students with a great experience, both professional and personal.

REQUIREMENTS: ESPA vacancies are open to all EU passport holders able to travel to the UK for an educational work placement, without the need for visa documents. You have to still be a student or have graduated in the last 12 months. Any student who is unsure of their visa situation should check with their university before applying.

BENEFITS: ESPA is free for students. Accommodation, utility bills, TV Licence, Internet Access and UK commuter travel to the place of work will be paid for by the host company. This will be sourced and managed on your behalf by ESPA. **These benefits have an approximate value of 600-700€ per month, which is more than the average salary for an intern in most EU countries.**

There is no salary over and above the benefits offered, unless specifically stated.

The Host Company

The company is a team-forming and collaboration online platform for creative production professionals-freelancers, independent producers and production companies.

The company helps producers form the teams they need when they need them. They help freelancers showcase their projects and form professional relationships to trigger referrals and acquire more work.

Role

This is primarily a community building role that involves researching, contacting and/or networking with creative production professionals, offering to create a free profile for them (we've rarely encountered a "no thanks" to that question!) then creating it for them or handholding them through the process if they'd prefer to do it themselves.

It also involves assisting in the development and implementation of content marketing plans for a variety of digital marketing channels.
