

6 Months PHP developer Internship

Ref: MEA0903

PLEASE READ CAREFULLY BEFORE CONTINUING.

ESPA or European Student Placement Agency is a recruitment agency whose goal is to find high quality internships for European students in the UK. We work closely with our host companies to ensure the positions provide students with a great experience, both professional and personal.

REQUIREMENTS: ESPA vacancies are open to all EU passport holders able to travel to the UK for an educational work placement, without the need for visa documents. You have to still be a student or have graduated in the last 12 months. Any student who is unsure of their visa situation should check with their university before applying.

BENEFITS: ESPA is free for students. Accommodation, utility bills, TV Licence, Internet Access and UK commuter travel to the place of work will be paid for by the host company. This will be sourced and managed on your behalf by ESPA. **These benefits have an approximate value of 600-700€ per month, which is more than the average salary for an intern in most EU countries.**

There is no salary over and above the benefits offered, unless specifically stated.

The Host Company

This company is growing; progressing along their vision of being industry recognised experts in Magento and eCommerce.

They look forward to sharing their core values of quality, innovation, open-source and trust with new team members, as these are key to their vision. What they can deliver with you genuinely excites them.

Role

You'll be working directly with our developers and project manager. From day one you will be working on key tasks to the development cycle. We do not expect any previous experience of Magento; we've built a huge amount of knowledge ourselves that we're very happy to share! There will also be an opportunity to sit Magento training courses and certifications.

Duration

6 months

Location

Bath. A world-heritage city in the South West of England which hosts two great universities. With a truly international feel it has wonderful cultural experiences and is just 1.5 hour train journey from London and a 15 minute train journey from the vibrant city of Bristol.

Languages

Fluent in written and spoken English.

Start date

May-June.

Tasks

Your day-to-day activities will usually consist of customising Magento through the creation of themes and extensions. Tasks will range from integrating third-party APIs, to analysing and optimising site speed, to assisting frontend developers with their responsive builds.

Personal Skills

Essential Skills

- Confident in building enterprise-level PHP applications using MVC
- Worked with MySQL on a non-trivial level
- Expert knowledge of HTML and CSS
- Exercise understanding of Object-Oriented JavaScript.

Desirable Skills

- Magento, or experience working on eCommerce system.
- PHP Unit and test driven development experience.
- Familiarity with Agile development practices.

Benefits

Apart from the benefits already related (accommodation, utility bills and commuting to work), the host company will provide the following:

- Macbook Pro.
- Internal Development Fridays.
- Free lunch.
- Flexible working hours.
- Casual wear.
- Relaxed, but productive, working environment.
- Office in central Bath, complete with Xbox and Fussball table.
- Unlimited tea, coffee, sparkling water and juice.

How to apply
