Thermodynamics in mechanical systems:

- Mass and Heat Transfer
- Numerical Method and Optimization
- Combustion Processes
- Thermodynamics in flow machines

Thermodynamics in Chemical Process

- Chemical reaction and process engineering
- Modeling and simulation
- Process intensification

Thermodynamics in Environment Engineering

- Heating
- Ventilation
- Refrigeration

Thermodynamics in micro- and nanostructures

- Experimental analysis
- Numerical analysis
- Validation of thermodynamic phenomenons

### LOCATION and PAYMENT

The Congress will take place in the Lecturing Center of Poznan University of Technology as indication on the ICT2011 website.
