

Master's and Doctoral Studies in JAPAN

# Special Graduate Program 2016

in Resilience Engineering

Department of **Nuclear Engineering and Management**  
Department of **Systems Innovation**

**GRADUATE SCHOOL OF ENGINEERING, THE UNIVERSITY OF TOKYO**

## **SPECIAL GRADUATE PROGRAM**

This program is for international students who would like to pursue Master's or Doctoral Degrees in the field of Nuclear Engineering and Systems Innovation. The selection will be held by the submission documents and online interview! (Applicants can apply outside Japan!!) Accepted applicants will begin the programs from September, 2016. Lectures and instructions for research are given generally in English. Japanese language courses are optionally available.

## **FINANCIAL SUPPORT**

Selected applicants who have outstanding academic records will be awarded the Japanese Government's MEXT scholarship by recommendation of The University of Tokyo or scholarships provided by The University of Tokyo for the period of either the Doctoral program or the Master's program. The Scholarships include Entrance Fee and Annual Tuition Fees throughout their entire term of study.

**Online application will start on September 10<sup>th</sup>, 2015!**
