## WORK PLACEMENTS, INTERNSHIPS AND TRAINING in Ireland

**WHITE in Ireland** (Work experience Housing Internship Training Erasmus in Ireland) is an English Language, hosting, training, and intermediary company working in the South and West of Ireland. We are available as your partner in the implementation of European mobility projects, like Erasmus+. We are a small company that provides personalised service for individual students and groups. Our experienced team would be delighted to work with you and provide your students with a high quality personal service.

### Our Specialized Program has 3 Main Objectives:

- 1. Language Skills:** Our goal is to help international candidates to improve their English language knowledge and work related language skills; this will help them in their subsequent studies and professional life.
- 2. Professional Skills:** The Candidate will have the opportunity to learn more about the Irish Business culture. They will acquire valuable work experience in the chosen career and gain confidence in their ability to function in an English-speaking environment. This will enhance the candidate's career prospects by obtaining certificates that describe his/her English ability and his/her work experience. They will be in a significantly better position to find a job or improve promotion prospects in an increasingly competitive job market.
- 3. Cultural Knowledge:** The Candidate will get to know Irish people both at work and socially. The participants of these programs will have the possibility to learn more about the Irish culture and the Irish way of life, sharing the everyday life and customs of the Irish people. We want our candidates go home with a comprehensive understanding of Irish business practices and the Irish way of life.
