This will enhance the candidate's career prospects by obtaining certificates that describe his/her English ability and his/her work experience. They will be in a significantly better position to find a job or improve promotion prospects in an increasingly competitive market.

3. Cultural Knowledge:

The Candidate will get to know Irish people both at work and socially. The participants of these programs will have the chance to learn more about the Irish culture and the Irish way of life, sharing their customs and culture with the Irish people
