

6 Month Web Design and Development Internship

Ref :ZON1509

ESPA UK

PLEASE READ CAREFULLY BEFORE CONTINUING.

ESPA or European Student Placement Agency is a recruitment agency whose goal is to find high quality internships for European students in the UK. We work closely with our host companies to ensure the positions provide students with a great experience, both professional and personal.

REQUIREMENTS: ESPA vacancies are open to all EU passport holders able to travel to the UK for an educational work placement, without the need for visa documents. You have to still be a student or have graduated in the last 12 months. Any student who is unsure of their visa situation should check with their university **before** applying.

BENEFITS: ESPA is free for students. Accommodation, utility bills, TV Licence, Internet Access and UK commuter travel to the place of work will be paid for by the host company. This will be sourced and managed on your behalf by ESPA.

There is no salary over and above the benefits offered, unless specifically stated.

The Host Company

The company provides web design services to a wide range of clients from global brands down to local small businesses covering a variety of market sectors. They work predominantly with WordPress so a good understanding of this popular and flexible system is essential.

Role

The successful candidate will become an integral part of the development team and will be working directly with clients for some projects as well as with other members of our team. There will be opportunities to develop and design websites for companies, as well as looking after their SEO.

Duration

6 months

Location

Bath. A world-heritage city in the South West of England which hosts two great universities. With a truly international feel it has wonderful cultural experiences and is just 1.5 hour train journey from London and a 15 minute train journey from the vibrant city of Bristol.

Languages

The student is required to be fluent in written and spoken English.

Start date

ASAP

Experience

Essential:

- Have a good understanding of WordPress covering such things as PSD to theme builds, plugin development, child themes, custom post types and advanced custom fields and knowing how to fit it all together in logical way
- Extensive knowledge of front end styling with HTML, CSS, SASS and Javascript. Perhaps even some jQuery.

Desirable:

- Know your way around MySQL and love those queries
- Knowledge of frameworks, especially Laravel.
- Some knowledge of SEO techniques and experience of Google Analytics and Google Webmaster Tools

Personal Skills

- Be educated to degree level with some appropriate commercial experience
- Be willing to learn, and also willing to contribute your thoughts and ideas
- Problem solving skills – you may get thrown a wide variety of projects, can you interpret what the client says they need into a viable website?

How to apply

Please email madeline@espauk.com, attach your CV & quote the reference code ZON1509. You will receive an email to confirm the reception of your application as well as the next steps.
